Origins and Development of Tyranny of Dragons

The Birth of the Campaign

The Tyranny of Dragons campaign was conceived as a two-part adventure designed for characters starting at levels 1-15. It was released as a cohesive package comprising *Hoard of the Dragon Queen* and *The Rise of Tiamat*. These modules were crafted to serve as an accessible entry point for both new and experienced players, emphasizing storytelling, strategic combat, and character development. The storyline draws inspiration from classic D&D themes—dragons as both majestic and destructive forces, ancient cults, and the eternal struggle for balance in the realms of Faerûn, particularly in the Forgotten Realms setting. The campaign's development aimed to provide a narrative that is epic in scope but flexible enough to accommodate various play styles.

Design Philosophy and Narrative Focus
